PERFORMANCE DRIVEN BY SCIENCE™

DESIGNED FOR refreshing all-day comfort.

DAILIES® AquaComfort Plus® family
of contact lenses

If you ever experience discomfort when you wear contact lenses, get comfortable with the DAILIES® AquaComfort Plus® family of daily disposable contact lenses.

Blink-activated moisture technology

Your eyes create their own moisture with tears. DAILIES® AquaComfort Plus® contact lenses offer **added refreshment every time you blink**. They release a moisturizing agent from inside the lens throughout the day, for added all-day comfort.

BLINK-ACTIVATED MOISTURE

This moisture is released with every blink.

You blink about 14,000 times a day. Use every blink to bring refreshing comfort to your eyes.
